

Technical Data

1200m³ TRAILER TYPE DRAINAGE PUMP SET

Product performance parameters

Model	FT-Q1200-H25
Engine	Deutz - China
Flow	1200m ³ /h
Dimension and Weight	2500*1400*1400(mm) 1400kg
Suction Range	5m
Lift	25m
Color	Yellow
Forward mode	Traction type
Trailer form	Two-wheeled mobile trailer
Support	Mechanical type
Maximum speed	25m/h
Power	100kw
Rate speed	1500r/min
Control system	Mechanical control
Vacuum assisted system	Permanent magnet DC control
Maximum particle passage diameter of supply and drainage system	76mm
Water inlet (mm)	12 inch
Water outlet (mm)	12 inch
Diameter of discharge outlet in water supply and drainage system	76 mm
Chassis	High quality carbon structural steel frame
Fuel system	Fuel medium: diesel; Integrated bottom oil tank; Continuous work for ≥ 8 hours;
