

Technical Data

200m³ TRAILER TYPE DRAINAGE PUMP SET

Product performance parameters

Model	FT-Q200-H18
Engine	Deutz - China
Flow	200m ³ /h
Dimension and Weight	2200*1200*1250(mm) 900kg
Suction Range	6m
Lift	25m
Color	Yellow
Forward mode	Traction type
Trailer form	Two-wheeled mobile trailer
Support	Mechanical type
Maximum speed	15m/h
Power	24kw
Rate speed	1500r/min
Control system	Mechanical control
Vacuum assisted system	Permanent magnet DC control
Maximum particle passage diameter of supply and drainage system	76mm
Water inlet (mm)	3 inch
Water outlet (mm)	3 inch
Diameter of discharge outlet in water supply and drainage system	50mm
Chassis	High quality carbon structural steel frame
Fuel system	Fuel medium: diesel; Integrated bottom oil tank; Continuous work for \geq 8 hours;
